ABOUT VIDYA BHARTI

Vidya Bharati is providing quality education since 1952 and is committed to educating the young generation according to Bhartiya values and culture. Some committed and patriotic people, who considered education as an artifice to educate the young generation according to Bhartiya values and culture started the first school in Gorakhpur, UP, in 1952. They named this school as Saraswati Shishu Mandir-Temple of the Goddess Saraswati dedicated to the children. Thanks to their zeal, dedication, and hard work that similar schools began to be established in other places also. The number of such schools increased rapidly in Uttar Pradesh. A state-level Shishu Shiksha Prabandh Samiti was formed in 1958 for their proper guidance and planned development. Good education & sound sanskaras at the Saraswati Shishu Mandirs earned recognition, honor, and popularity in the society. Shishu Mandirs started spreading in other states and within a few years, many schools were established. To manage the affairs in different regions, state-level committees were set up. The formation of a national body came in 1977 and Vidya Bharati - Akhil Bharatiya Shiksha Sansthan was established with its Registered office at Lucknow & Functional Headquarters in Delhi. All state-level committees were affiliated to this Vidya Bharati Akhil Bharatiya Shiksha Sansthan.

ABOUT DEPARTMENT OF HOLISTIC EDUCATION

The foundation of the Department of Holistic Education (DHE) is rooted in the ideology that education should extend beyond academic institutions. Vidya Bharti, the largest educational NGO globally, established a dedicated think tank Department comprising professionals from diverse fields such as academia, bureaucracy, higher and school education, society, scientists, and other experts like advocates and chartered accountants. It was started as a pilot project under Vidya Bharti Punjab. Recognizing its remarkable growth and contributions to education, it was elevated to an independent organization under the auspices of Vidya Bharti Institute of Training and Research Trust. Currently, DHE operates under the trust's umbrella. With 25 dedicated cells led by coordinators, DHE spearheads various initiatives aimed at transforming the education system. These include groundbreaking projects such as E-cycle, Punjab Super 100, Tredul, Sarvatr, Holistic Harbour, PoojaWala, TuDu, Swadeshi Bazaar, Jobs360°. DHE has also revived the glorious saga of having dedicated Kumbh/Mahakumbh for each major issue of society prevailing in ancient Bharat by creating annual large scale events in the form of Shiksha Mahakumbh and Shiksha Kumbh, attracting dignitaries and stakeholders from diverse fields. Additionally, DHE laid foundation of a quarterly journals i.e. "Viksit India" & "Viksit Bharat" covering a wide range of educational topics.

CONFERENCE OBJECTIVE

The conference invites contributions in a diverse array of areas crucial to the transformation of the World Education System. From global perspective integration and innovative pedagogical approaches to technological advancements, the conference aims to delve into critical themes such as inclusivity, quality assurance, teacher training, and policy advocacy. The discussions will also explore the role of education in addressing sustainable development goals, promoting cultural exchange, and mitigating the digital divide. The conference envisions a comprehensive approach, advocating for multidisciplinary learning, ethical and sustainable education practices, and flexible learning pathways. It seeks to facilitate meaningful dialogue between academicians, researchers, and industrialists, with the ultimate goal of formulating a post-conference action plan for tangible impact on World Education Landscape.
